*This programme is not exhaustive and may be subject to change. Please check the weather conditions before taking part in any activity and make sure you have all the necessary information before setting off. The Tourist Office shall not be held liable for any cancellation or alteration to this programme resulting from unforeseen circumstances on the part of our various providers or due to instructions issued by public authorities.

OUR CODE OF GOOD CONDUCT

- Do not leave any litter in nature, respect plants and animals, natural spaces, trees and flower beds around you
- Use a pocket ashtray, freely available at the Tourist Office, as every cigarette butt thrown on the ground eventually ends up in the sea!

- Always check tide schedules before going to the beach (the sea and tidal conditions can sometimes be very dangerous).

- Carsharing, free shuttle services, bicycles to hire... choose economical and sustainable means of getting around.

- Park in designated parking areas! All parking is free here, so take your time to park, there's no rush, and check any on-site restrictions if applicable.

- For your complete safety and that of your children, make the most of the traffic-free, car-free summer esplanade. It is the perfect place to cycle, ride scooters, meet up, or simply enjoy the great events there!

WITH OUR FURRY FRIENDS

- Please respect local guidelines and designated walking areas; we are here to advise you if needed

- Poo bag dispensers are available throughout the town, and also at the Tourist Office.

We thank you for your commitment and wish you a wonderful holiday here!

A DESTINATION THAT CARES ABOUT THE ENVIRONMENT!

Because our seaside resort, proudly recognised as a Tourism Resort, Tourist Town and Green Resort, deserves both greater recognition and lasting protection!

OUR COMMITMENTS

We are committed to sustainable tourism that respects nature and celebrates well-being, meaningful encounters, and shared experiences.

Because paper consumption has a significant economic and environmental impact, we are reducing the number of printed materials we produce. Please make sure you do not already have a copy of our brochures before taking new ones from the Tourist Office, and consider using our QR codes directly on your smartphone instead.

YOU TOO HAVE A PART TO PLAY IN PROTECTING OUR DESTINATION AND PASSING ON OUR VALUES

By adopting eco-friendly habits, useful both at home and on holiday, and by choosing sustainable modes of transport.
